

BOOK PREVIEW for K-12 Schools

Ever wish you could get a sneak preview of upcoming titles for K-12 students? Could you use some extra help selecting new books for your library?

How It Works

With this program, **Brodart** will organize a one- or two-day event for select school districts (at a location of your choosing), at which we'll display physical copies of publishers' new and top selling titles for you to review and purchase.

It's like a book fair that comes to you — anytime you choose!
