# Mindful Moments Tic-Tac-Toe

Elmo has lots of feelings when he's celebrating his birthday and he knows that's okay. There are different types of feelings and those feelings come and go. With a grown-up, play a feelings game of bingo. Draw an X on any box that says something you've done.

You can play throughout the day and try to get three Xs in a row.

I named a feeling I had today.	I had a big feeling today and gave myself a hug to feel better.	I named a feeling someone else had today.
I talked to a grown-up about how I was feeling.	I took slow, deep belly breaths when I had a big feeling to help me feel better.	I asked someone else how they were feeling.
I frowned when I felt sad.	I let myself feel a big feeling.	I smiled when I felt happy.
